

2009-2010 Special Education Report

MULTNOMAH
 EI/ECSE PROGRAM

April 2011

Dear Parents and Community Members,

The Oregon Department of Education is proud to issue the fifth annual special education report. Reported indicators and targets correspond to the information in the State Performance Plan (SPP) for Special Education that is required by the United States Department of Education.

Oregon has a seamless system of services for children with disabilities from birth through age five that is operated by the Oregon Department of Education (ODE). ODE contracts with nine Education Service Districts (ESDs) across the state to provide early intervention/early childhood special education (EI/ECSE) services in 33 local programs. This system includes Part C early intervention (EI) for children birth to age three and Part B early childhood special education (ECSE) for children age three to kindergarten age, which is age five in Oregon. Children who are age five by September 1 are eligible for public school with special education services provided by the local school district.

As Oregon schools, districts, and programs continue to face many challenges, educators remain committed to providing the highest quality education for Oregon children. This report is not meant to tell you everything about your EI/ECSE program, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for Oregon's children.

Susan Castillo, State Superintendent of Public Instruction

EARLY INTERVENTION / EARLY CHILDHOOD SPECIAL EDUCATION COUNTY PROGRAM INFORMATION					
Timely EI Services	Program	State Target	Timeline for EI IFSP	Program	State Target
Infants and toddlers who receive early intervention services in a timely manner	80.0%	100.0%	Eligible infants and toddlers for whom an evaluation, assessment, and initial IFSP were completed or were justified within 45 days	99.6%	100.0%
Special Education §300.39(a) Special education means specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability. Timely EI Services = Initiation date on the IFSP or 10 days from when the parent provides consent for IFSP Services. IFSP = Individualized Family Services Plan			Department of Education Notes -- No data available. * Not displayed because at least 6 students are needed to maintain confidentiality.		

**EARLY INTERVENTION / EARLY CHILDHOOD SPECIAL EDUCATION
COUNTY PROGRAM INFORMATION**

Improved Outcomes in Positive Social-Emotional Skills	Program	State Target	Improved Use of Appropriate Behaviors to Meet Needs	Program	State Target
