[Download Chapter One of Grace Under Fire](#) for a sample read.

Edgework is an overarching methodology developed by founder Ellis Amdur. Edgework provides training and consultation for institutions as well as individuals who experience - or must intervene during - crisis situations.

This training offers:

- Verbal de-escalation techniques
- Basic understanding of mental illness
- Use of spacing, stance, the eyes and voice to calm individuals
- Establishing lines of communication
- Balancing the demands of difficult clients with the needs of other clients
